

CHAPTER: INSTRUCTION
TITLE: STUDENT SUPPORT SERVICES

Students who require it shall be provided support services to ensure their mastery of Content Standards and Objectives. On a daily basis, teachers shall reteach students who are not mastering Content Standards and Objectives. To the extent possible, after school programs and summer school programs shall be provided to students who have not mastered Content Standards and Objectives.

Student grades received in a summer school course at the 9-12 level shall be calculated in the student's GPA (Grade Point Average) as well as the student's prior grade in the course.

Calhoun County Schools shall recognize students' attendance in summer school programs in other West Virginia public and parochial schools if the school system providing the summer school program recognizes the instruction for students within their school system.

Calhoun County Schools shall not recognize student attendance in summer school programs provided by private schools or school systems outside of West Virginia.
